

## Press Release

March 4, 2014

Silver Bridge Technologies, LLC is pleased to announce the relocation of their offices to the Scripps Ranch Business Park in San Diego, California. Their new address is 9919 Hibert Street, Suite B, San Diego, CA 92131. The phone number is (858) 437-0123.

Ray Calhoun, CEO, stated, "I love the park like environment yet the location provides great access to all parts of San Diego County, the airport, and Downtown San Diego via the immediately adjacent Interstate 15 and Ted Williams Parkway. In addition, the park is professionally managed by my longtime friend George Coleman of Curtis Coleman Company."

Mark Jones, President, commented, "The progress of our first business unit, RemoteDash, continues on plan and will be offering state of the art tracking and monitoring services for vehicles and watercraft during the 2<sup>nd</sup> quarter of this year."

RemoteDash provides real-time, wireless monitoring for almost any application and earth location, and does it as cost-effectively as possible with the most modern technologies. Please contact the company to schedule a demonstration for your valuable assets and systems.
